We are the modern content alchemists.

Serving corporates with the ultimate Corporate learning as a Service (ClaaS) solution and providing new monetization to content owners.

Problems

Corporates face tremendous need for employee upskilling

Content owners lack monetization options for significant amounts of their content

Busy professionals find it hard to integrate learning into their life

Traditional content production is costly, time-consuming, and cannot be updated

Diverse learning tools are required to satisfy the complex needs of a company

Solutions

Customizable Corporate Learning Solutions (ClaaS)

eduBITES provides Corporations with the most advanced & customizable corporate learning offering.

New Business & Revenue Streams for content owners

eduBITES helps content owners to realize new monetization opportunities for their existing content.

Classroom everywhere tailored to individual learner preferences

eduBITES easily integrates: bite-sized learning on any device and in the right modality: video, audio, text. AI-based content summarization adjusts content length to a learner's available time. True ondemand learning with 24/7 support.

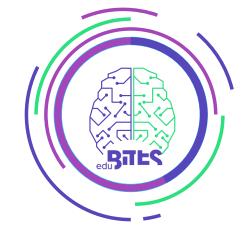

Scalable & always fresh content via synthetic media

We can transform any content format (video, audio, text, PPT) into new formats (video, audio, text, PPT). We do this via content atomization and the subsequent use of synthetic media (presenter Avatars, 3D Tutors, voice cloning etc.)

Education & information in one solution

By combining customizable employee education and company specific information, we empower employers to personalize the re/upskilling programs their employees need to be successful on the job.

The edu product consists of 2 main pillars

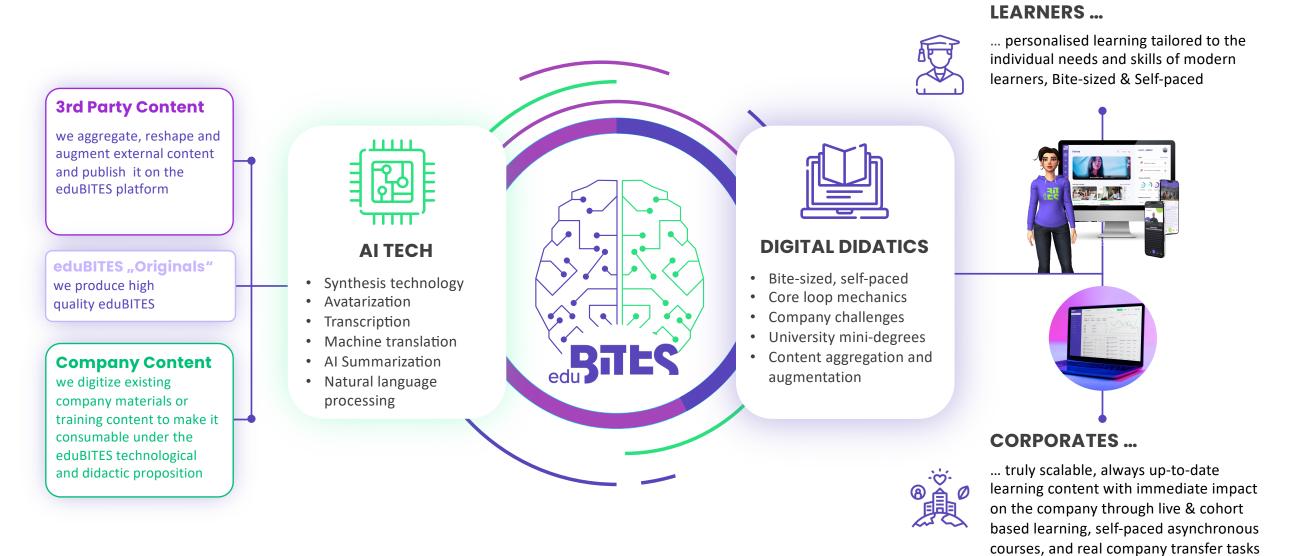

CONTENT ALCHEMY

By combining AI tech with digital didactics, we empower content owners and companies to transform their existing content into engaging, interactive, digital learning experiences.
