We build Corporate Learning Solutions as a Service (ClaaS)

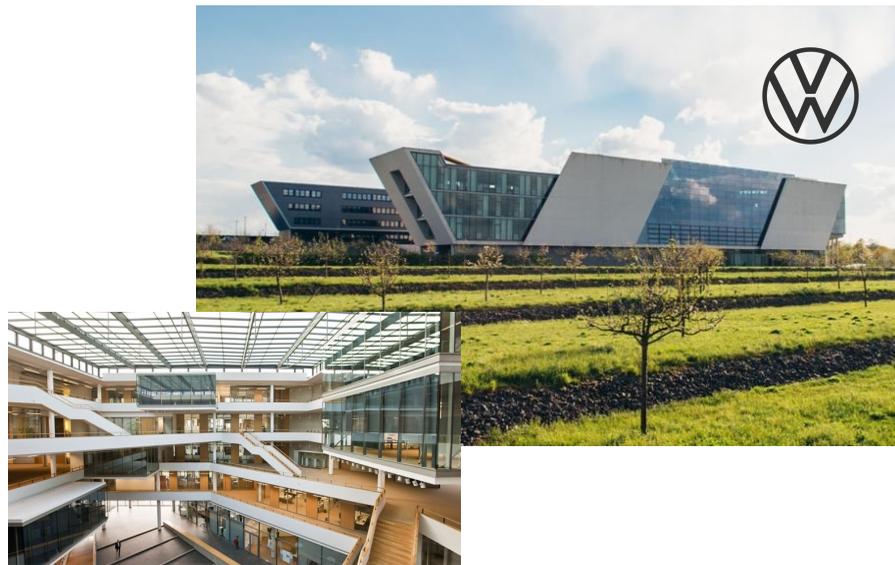

“Foot note”: In a world awash with content, learning features and didactics discussions, the future of learning, and *especially* Corporate Learning, is in the curation and creation of programs, technologies and modalities that cut through the noise and provide businesses and learners, tailored learning journeys. ClaaS is an approach to corporate education that solves real business problems and helps individuals to develop the skills that matter.

# WHAT is eduBITES offering: customizable, scalable Corporate Universities as a Service

## THEN

In the past only major corporations could afford their own corporate university. The classic “brick and mortar” approach...

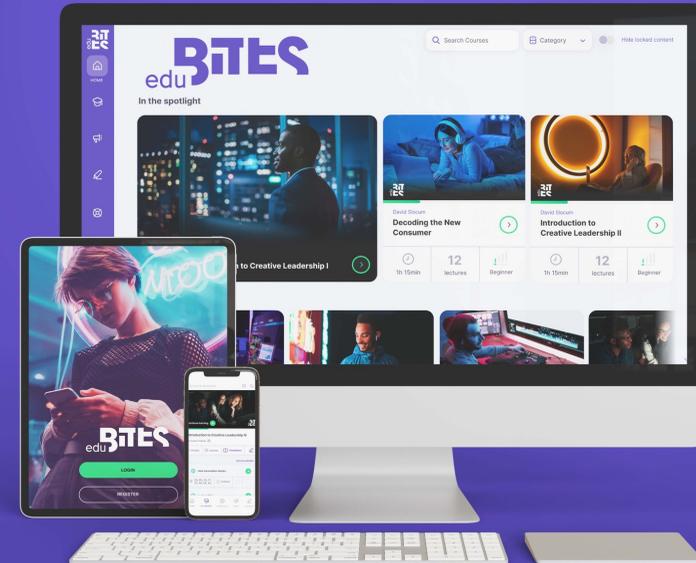

Volkswagen University in Wolfsburg, Germany

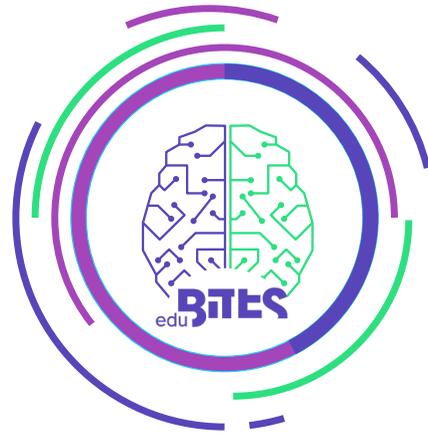

## NOW

With eduBITES, ANY corporation can have their own customizable digital Corporate University.

**Turnkey solution:** Custom-branded platform, tailored content, impactful didactics and leading AI-based Education Technology.

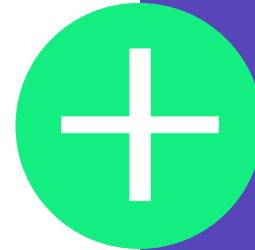

# What is the product? **eduBITEs**

## **CONTENT ALCHEMY**

By combining AI tech with digital didactics, we empower content owners and companies to transform their existing content into engaging, interactive, digital learning experiences

consists of 2 main pillars

## **LEARNER EXPERIENCE PLATFORM**

Our cutting edge learner experience platform helps corporates to seamlessly integrate learning into the busy lives of their employees - learning happens

# HOW: The 4 Cs to a customized Corporate University – just like building Lego

**3rd Party Content**  
we aggregate, reshape and augment external content and publish it on the eduBITES platform

**eduBITES „Originals“**  
we produce outstanding own eduBITES

**Company Content**  
we digitize existing company materials. E.g. training material, onboarding material, mandatory trainings, products and services in need of explanation

- Bite-sized, self-paced
- Company challenges
- Content aggregation and augmentation

**AI

# Why: Challenges in Corporate Learning

## 1 CONTENT IS EVERYWHERE

- The market is overwhelmed with learning content
- Traditional content production is costly, time-consuming, doesn't scale and cannot be updated

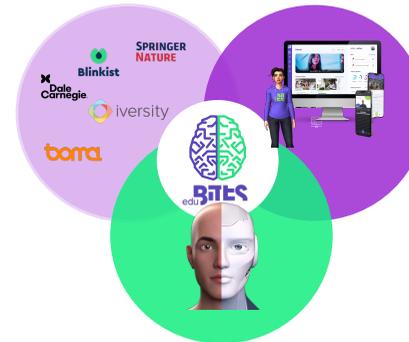

## 2 TOOLS AND FEATURES ARE EXPLODING

- Every day new learning tools and features are released. Which one's make sense?
- Only isolated tools – no integrated, holistic Corporate Learning solution

## 3 DIDACTICS DISCUSSIONS

- Live or asynchronous? – or both!
- Employees expect self-directed learning and flexibility in how and when they learn and all modalities

# The secret sauce of **eduBITES**

eduBITES offers a holistic Corporate Learning solution – turnkey, as a Service, customized, no hazzle, no frills

## Content

- synthesized company content itself, best in class 3rd party content and eduBITES library
- Multi-Modal: eduBITES exist as video, audio-only and text

## Technology

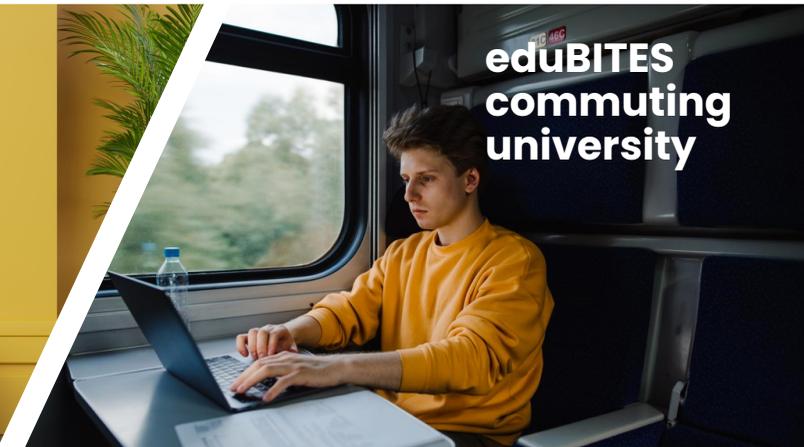

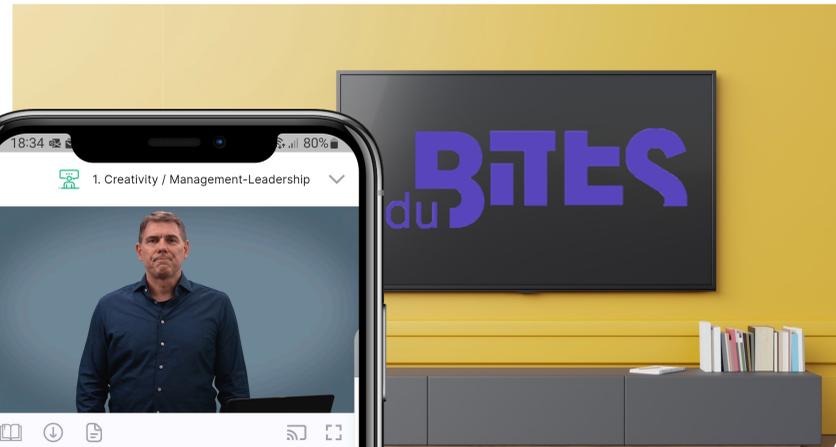

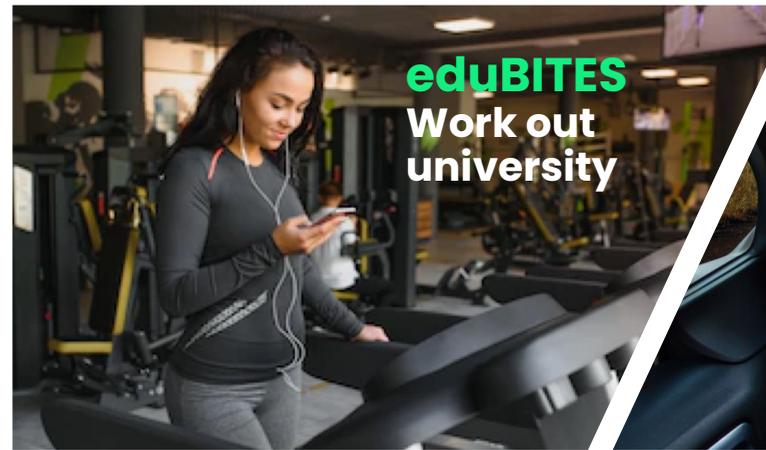

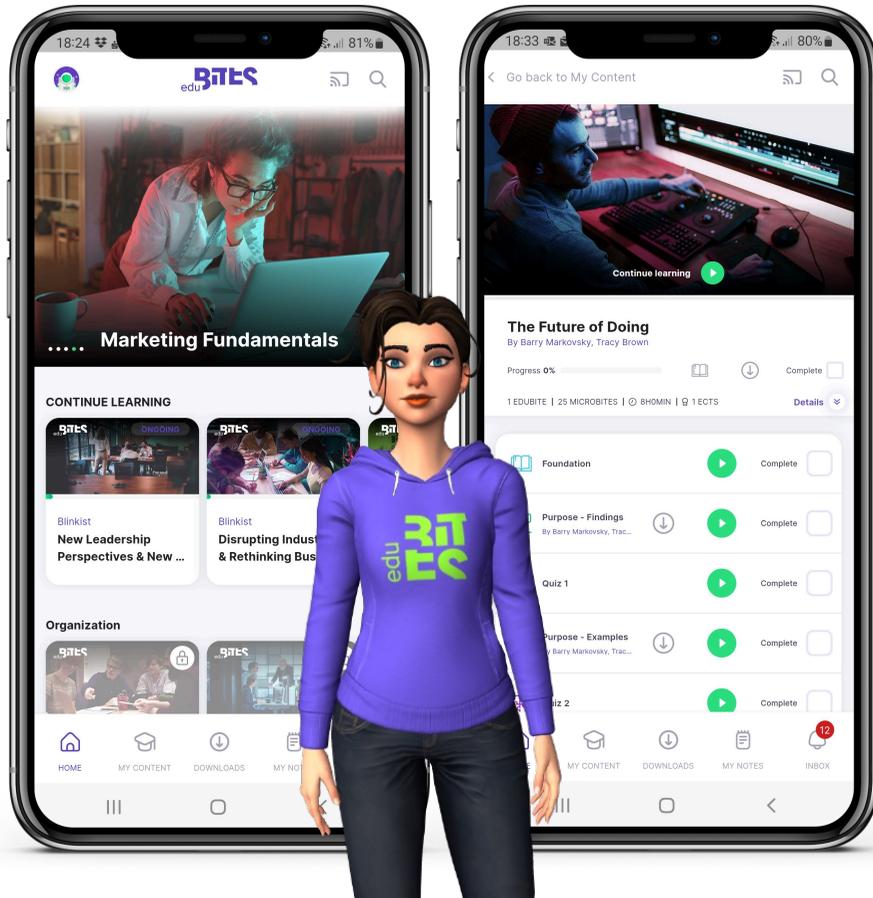

- Synthetic Media Avatars and Voice Cloning – provide the ability to quickly scale, update, and automate content production
- Actualization overnight, refresh training materials in real time
- AI Summarization to provide content in any preferred length
- And in any preferred language

## Didactics

- Self-paced training in bite-sized formats (max 15 min) that seamlessly integrate into the busy lives of professionals
- Accessible via any device, at anytime, anywhere, in a fun, gamified and interactive way

# Market – the pandemic has accelerated the huge momentum for AI-driven EdTech. Companies finally understand the benefit of digital

1. The education market is huge and rising, yet digital still accounts for <4%

3. Strong necessity for corporates to upskill

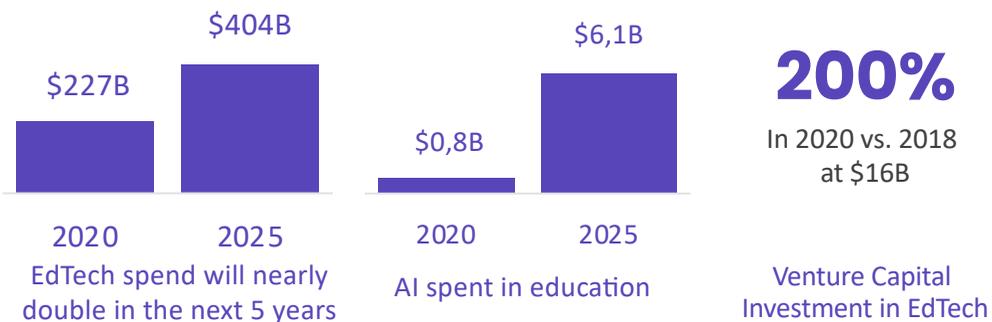

**34%** of jobs will be transformed by automation, 43% in Germany

**2,5-5 years** Half-life of skills is now

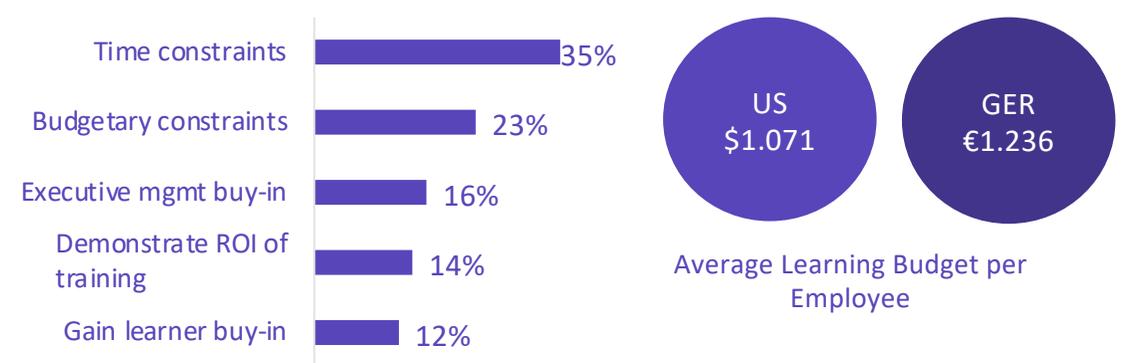

**79%** of CEOs fear lack of skills will harm company development

**51%** of large companies outsource custom content creation and **28%** of these planning to increase this number in 2022, content creation remains one of the key cost drivers of e-learning

2. Huge momentum for digital and AI  
Pandemic accelerating development

4. Main concerns to upskill employees: Time and money
